You had to praise Jesus, what did he do in your life exactly, how he transformed your life, what message you must share with non-believers! Your testimony urges people to believe in your life but not in Jesus. To preach the Gospel is not

The Christian religion comes from Israel, and it's a very small country in the midst of the Arab nations ... it speaks of the Love of God for the Men, the practices of our ancestors are Direct worship to luciphère ...

Davidazoff david Hello, I will try to answer your question. We discussed this issue with Maxime the ex feticheur. He became a disciple of Christ with his little family. For this kind of case there is the possibility that the fetish actually exists or the possibility that the fetish simply does not exist at all. 1) - the fetish does not exist

Glory be to God for this powerful testimony. He really unveiled the secrets of manipulation, of lying. People are greedy, wicked. He really gave his life to Jesus. I pray that the Lord will protect him. The Devil aggravates the problem but Jesus delivers and returns the person free. With Jesus one gets rid of all the worries and problems. Thank You Lord
